Officials, Ike May Confer On Iranian Problem

State Dept. Brass May Talk Over Way To Solve Oil Issue

WASHINGTON (AP)—State Department officials are expected to confer with President-elect Eisenhower or his representatives next week on a new formula for solving the Iranian problem.

It is understood also that the new approach is a subject for discussion between secretary of State Acheson and British Foreign Secretary Eden in their talks in New York.

The central idea of the formula seems designed to get Iranian oil flowing out and money for it flowing in again at the earliest possible moment—without final settlement of the dispute between Iran and Britain over nationalization of Iran's oil industry.

State Department authorities feel that the longer the present impasse continues—and various Iranian agencies like the army and civil service go unpaid—the greater becomes the danger of a collapse of civil authority and the rise of Communist power in this strategic Middle Eastern land.

In the past these authorities have worked on the theory that a legal settlement of the Anglo-Iranian dispute, critical since Iran seized British-owned oil properties there last year, should logically precede or be a part of any settlement reviving the oil industry under Iranian control. But the new approach would relegate legal settlement to a lesser priority.

Eisenhower will have a chance to hear about this plan when he meets with President Truman—at 2 p.m. (EST) next Tuesday, according to the White House—to prepare for an orderly change of administrations. Eisenhower has designated Sen Lodge (R-Mass.) as his State Department liaison man.

CIO LEADERS MOVE TO POSTPONE THEIR CONVENTION — Top leaders of the CIO meeting in Pittsburgh have recommended postponement of the group's 14th annual convention and suggested it be switched to Dec. 1 in Atlantic City. The CIO vice presidents at the conference include (from left) James B. Carey, secretary-treasurer; Walter Reuther, head of the United Automobile Workers, and Allan Haywood, executive vice president of the CIO. Reuther and Haywood are believed to be top choices to succeed Philip Murray as chief of the CIO.

Rites For Philip Murray Set Today In Pittsburgh

PITTSBURGH (AP) — The late Philip Murray, who won the title of labor's statesman while bringing the CIO to its greatest strength, goes to his final resting place today near the soft coal fields where he began his life's work.

The funeral of the CIO president brought labor leaders from every section of the country into this industrial stronghold to pay their final respects to the one-time immigrant boy who became the friend of U. S. presidents.

Murray's death Sunday in a San Francisco hotel caused a delay in the CIO's plans to open its 14th constitutional convention in Los Angeles next Monday.

Funeral services for Murray are being conducted by a boyhood friend, The Rt. Rev. Msgr. Henry A. Carlin, vicar-general of the Pittsburgh Roman Catholic diocese. Thousands planned to attend the solemn requiem Mass in St. Pauls Cathedral.

Long files of saddened friends, admirers and followers trailed slowly past Murray's bier yesterday at a suburban funeral home.

CIO vice presidents who conferred with Allan S. Haywood, CIO executive vice president, here yesterday decided to delay the start of the convention until Monday, Dec. 1. and move it from Los Angeles to Atlantic City.

Their decision will come before the CIO Executive Board here Friday for approval. Ratification is considered a mere formality.

A union spokesman said the convention site was changed to Atlantic city because most of the organization's key personnel are attending Murray's funeral.

Since Murray also was president of the CIO-United Steelworkers, that union also must name a new president. The USW has called its 36-member Executive Board together and David J. McDonald is regarded as a likely choice.

The parent CIO is expected to leave the selection of a new president to convention delegates but the steelworkers aren't due for another convention until 1954. Their last session was held in Philadelphia last summer.

Chinese Reds Again Capture Pinpoint Hill

Ike May Avoid Policy Deals With Truman

Role At Conference Will Be Listener, His Associates Say

AUGUSTA, Ga. (AP)—President-elect Dwight D. Eisenhower reportedly will steer clear of any policy commitments to President Truman when they confer at the White House.

Eisenhower associates who asked not to be named said his role at the conference will be mainly that of a listener, although they emphasized that he agrees with the President that the session will amount to a demonstration of American unity.

The White House announced yesterday that the Eisenhower-Truman meeting has been set for 2 p.m. (EST) Tuesday.

In proposing the meeting, last week, the President said it would help achieve an orderly transition from the old administration to the new. He mentioned a need for discussion of world problems.

Eisenhower replied that he shared Truman's hope "that we may present to the world an American unity in basic issues."

Over the week-end, the President-elect's headquarters put out a statement which said in effect that any pre-inauguration conferences with Truman administration officials would in no way bind the President-elect as to Republican policy.

The statement was intended to make it clear, the general's associates said, that any policy decisions before inauguration day—Jan. 20—would be the responsibility of the out-going administration.

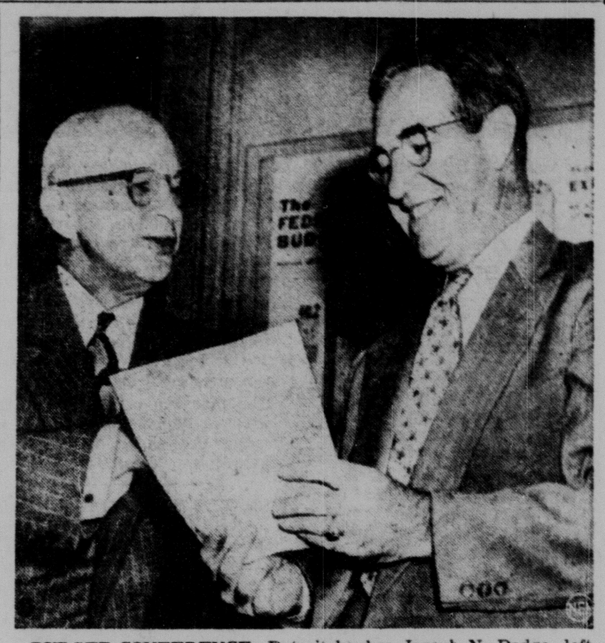

Eisenhower reportedly feels strongly that it would be a mistake for him to deal in any other way at Tuesday's meeting—in either the international or the domestic fields.

Eisenhower, meanwhile, is seeking a cross section of Republican leaders' views on the Korean War situation in advance of his trip to the war zone.

That is one of the major purposes of a series of conferences the general will hold, starting with a session at his vacation retreat here tomorrow with Gov. Thomas E. Dewey of New York.

GOP congressional leaders will be among those on Eisenhower's calling list when he returns to his New York headquarters next week.

Aides said the President-elect wants to talk over the Korean problem with Dewey, and possibly some congress members, before he confers with Truman.

BUDGET CONFERENCE—Detroit banker Joseph N. Dodge, left, confers with outgoing Budget Director Frederick J. Lawton in Washington. Dodge was appointed by President-elect Dwight Eisenhower to study the government's proposed fiscal 1954 budget.

Joan Fontaine's 3rd Marriage Begins Like Slapstick Movie

SAN JOSE, Calif. (AP) — Actress Joan Fontaine's third marriage began like something right out of a slapstick movie script — a lost trousseau, a misplaced wedding license, a missed train, a missed plane and many madly dashing taxicabs and private cars.

Early misadventures postponed the wedding two hours; later ones delayed the wedding trip 24 hours. But as in all good scripts, every one is happy.

It went like this:

The blonde, 35-year-old actress and Collier Young, handsome, 44-year-old film producer, planned to marry quietly at nearby Saratoga.

But when they arrived yesterday from Hollywood they learned their baggage had missed their plane.

In the luggage was Miss Fontaine's wedding outfit, all her going-away clothes, Young's suits—and the marriage license.

The luggage was placed aboard two other northbound planes.

Taxicabs rushed it from San Francisco airport 40 miles to Saratoga.

The delayed marriage was witnessed by the bride's mother and stepfather and her adopted daughter, Martita Pareja, 7, who was flown from school at Paris.

The newlyweds raced 60 miles by car to Oakland to board the streamliner, City of San Francisco, for Chicago. But the train, held 10 minutes for them, had gone.

United Air Lines then gave them space on a plane for Reno, where they could board the train.

A 20 mile dash by car to San Francisco Airport brought more bad news:

The plane had left. The airline had expected them to board it at Oakland Airport.

With that, Mr. and Mrs. Young gave up — over night. They made reservations to board a plane tonight for Chicago.

Miss Fontaine formerly was wed to actor Brian Aherne and later to producer William Dozier. Young once was married to actress Ida Lupino.

Screaming Reds Win Back Peak In Tough Battle

1,000 Of Foe Overrun Central Front Height 14th Time In Month

BULLETIN

CENTRAL FRONT, Korea, Friday (AP)—South Korean troops, driven from Sniper Ridge early today, charged Chinese Communist artillery fired gas shells into their positions.

The report was without further confirmation.

Members of a ROK company on the ridge were quoted by a Korean division headquarters as saying that after the shells landed they could not breathe.

SEOUL, Friday (AP) — Screaming Chinese infantrymen early today threw the Allies from Pinpoint Hill on Sniper Ridge in a furious night battle at close quarters.

Elements of two Chinese Red battalions, possibly 1,000 men, over ran the Central Front height for the 14th time in a month of battle, field dispatches said. They struck behind heavy artillery fire.

South Korean defenders once more were pushed south to lower heights on shell-torn Sniper Ridge. Heavy fighting still was in progress there.

AP War Correspondent John Randolph, on the Central Front, said the Reds hit Allied positions on Pinpoint Hill with 500 to 750 men at 11:10 p. m.

Five hours earlier, Allied artillery routed about 750 Reds advancing on Sniper from the East.

Pinpoint is the Allies' northernmost stronghold on Sniper.

United Nations officers said the Thursday night attack obviously was a Communist attempt to drive South Korean infantrymen from Pinpoint for the 14th time in the 31-day battle for the Kumhwa ridges.

Earlier in the day U. S. warplanes poured flaming jellied gasoline, bombs and machinegun fire on entrenched Reds in the Sniper Ridge-Triangle Hill area.

Elsewhere along the 155 - mile front:

Allied mortar and tank fire chopped up three small Red infantry probes against Allied positions at Jackson Heights, south of Ironhorse Mountains on the Central Front.

(Washington's weekly casualty report reflected the cost of the recent heavy hill fighting. The Defense Department reported 1,318 U. S. battle casualties for the week ended last Friday. It was the largest weekly list of the year.

(The list included 266 killed,

Senator Makes Appeal For Morse

Humphrey Asks Dems Let Him In Caucus

WASHINGTON (AP) — Sen. Humphrey (D-Minn) said today Democratic senators should welcome Sen. Wayne Morse of Oregon into their party caucus if he wants to come.

Morse, turning against President-elect Dwight D. Eisenhower during the presidential campaign, quit the Republican party to support Gov. Adlai E. Stevenson of Illinois, the Democratic nominee, and declared himself an independent.

Whether Republican senators will take reprisals against Morse in the new Senate convening Jan. 3, possibly depriving him of his present choice committee assignments, is uncertain. Morse now holds places on the Armed Services and Labor Committees.

Humphrey, a leader of the "New Deal-Fair Deal" wing of the Democratic party, told a reporter the Democrats should throw open the door to Morse.

On the other hand, Humphrey said that Democratic senators who "turn their backs on the national party ticket also ought to receive their reward"—in less preferential treatment.

The matter of reprisals against Democrats who "supported the opposition" should be considered in connection with committee assignments, Humphrey said, at the caucus of Democratic senators early next year.

In a separate interview, Sen. Hunt (D-Wyo), said anyone who used the Democratic party to get nominated and then support the Republicans "doesn't belong in the Democratic caucus."

Neither Hunt nor Humphrey called any names.

Senator-elect Price Daniel of Texas, a Democrat who had Republican endorsement, campaigned openly for Eisenhower. Sen. Harry F. Byrd, Virginia Democratic leader, stopped short of urging Eisenhower's election but he disavowed the Stevenson-Sparkman ticket.

In Nevada Sen. Pat McCarran, another veteran Democrat, worked for the re-election of Republican Sen. George Malone and also exchanged barbed remarks with Stevenson.

Mailmen Hailed Into Court For Making Noise

SALT LAKE CITY (AP) — U. S. District Judge Willis W. Ritter started a one-man noise abatement campaign yesterday to halt a racket in a federal building mail room which he said sounded "like a bowling alley."

To enforce his desire for quiet, the judge had Postmaster David R. Trevithick and 25 postal employes hailed into court.

To Trevithick he gave a lecture. Supervisor Francis Newman got a $100 fine, suspended, and 24 other workers were cited for contempt.

Handling of mail was held up for an hour.

All concerned promised to do their best to be quiet, but Postmaster Trevithick indicated he had some misgivings. Said he:

"My sworn obligation under the law is to move the mails as expeditiously as possible with the facilities at my disposal. The condition which all this is about has existed for 20 years and is part of the basic structure of the building."

A civil trial was in progress before Judge Ritter when the noise "like a bowling alley" came from a mail processing room directly beneath the courtroom. He directed the bailiff and deputy U. S. marshals to investigate and put a stop to the racket.

"The noise seemed to get worse," Judge Ritter recalled later when questioning Lester E. Peterson, clerk in charge of the mail handling room which was glutted with an accumulation of mail from Tuesday's Armistice Day holiday.

Mail handlers and supervisors were hailed into court from the work floor a few at a time until the processing of mail — and the noise — had ceased.

Peterson then explained the noise came mostly from mechanically operated doors on two freight elevators and from floor trucks with metal casters used to move the heavy mail bags about.

Two mail handlers, followed by supervisor Newman and an officer walked into court. Each of the handlers dropped a bulky package to the floor, interrupting a witness.

Newman incurred his suspended fine when he accepted responsibility for the package dropping, explaining the packages contained stamped envelopes for which he personally was responsible.

India Reported Working Out Truce Proposal

NEW DELHI, India (AP)—Authoritative Indian sources said today that the Indian government is working out a new Korean truce proposal providing for the screening of prisoners by neutral nations and voluntary repatriation of the POWs.

The question of prisoner repatriation is the sole issue holding up the recessed Korean armistice talks at Panmunjom.

Under the new Indian plan as reported here, the United Nations would agree in principle that all prisoners should be sent home in keeping with the Communist interpretation of the spirit of the Geneva Convention, but Red China and North Korea in turn would agree that no prisoner actually would be sent home unless the screening showed he wanted to go.

The Indian plan envisages Communist admission that prisoners should not be forced to return home against their will and agreement to abide by the screening verdict.

Leader To Tell How Russians Took Poland

WASHINGTON (AP)—A former top Polish leader who escaped from Red Poland describes for house investigators today how Russia consolidated control over his country at the end of World War II.

Stanislaw Mikolajczyk, former prime minister of the Polish government in exile, has been called by a special House committee investigating the massacre of 15,000 Polish leaders at Katyn Forest, Western Russia, in 1940.

The committee contends the Russians committed the mass killings to carry out long-range plans for a Sovietized Poland. The group now is probing charges, voiced by some committee members, that American officials suppressed information linking the Soviets with the crime to avoid antagonizing them during the war.

Mikolajczyk became prime minister of the Polish exile government in London after Gen. Ladislaw Sikorsky was killed in an airplane accident at Gibraltar July 4, 1943.

Summer Welles, former undersecretary of state, testified Wednesday he believed Sikorsky's plane was sabotaged. The general had been pressing for an international Red Cross investigation of the Katyn graves which the Germans announced they had found two months earlier.

Man Wounds Cuban TV Star

Publisher Killed In Havana Apartment

HAVANA, Cuba (AP) — A beautiful Spanish-born television star was a mystery figure today in the fatal shooting of Julio Cesar Gonzalez Rebull, president of the Havana newspaper "El Crisbol."

She is Maria del Carmen Pereda, 30, whom Cuban television writers recently voted the nation's top television announcer and mistress of ceremonies.

Gonzalez Rebull, a handsome man of 45, was shot to death Tuesday night as he entered the woman's apartment. She also was shot in the jaw.

Police said the man who did the shooting identified himself as Matias Mateo Carreno, 52, a Spanish banker and insurance expert who came to Cuba in 1951. He set up a savings bank after his arrival but recently sold it and entered the construction business.

Police told the Court of Instruction their investigation showed Mateo Carreno and the television star had lived together several months. Recently, however, she moved to another apartment, where the shooting occurred.

Police said the evidence indicated that Mateo Carreno went to the apartment forced the woman to telephone Gonzalez Rebull, and shot the newspaper executive on his arrival.

The publisher's chauffeur, hearing shots, rushed to the apartment, overpowered Mateo Carreno and called the police.

Police said that both Mateo Carreno and the woman gave what the officers described as obviously false accounts of the shooting.

Mateo Carreno, according to police, said he went to the apartment to collect a document but was told by the woman that a man was to bring it there. When the man — Gonzalez Rebull — arrived, Mateo Carreno said, "he seemed angry at my presence, attacked me, and I shot him."

The officers said Miss Del Carmen told them she believed Mateo Carreno had shot the publisher because he was annoyed that Gonzalez Rebull had kept several documents pertaining to a business deal the three had been discussing.

Editors Judge Capital's News

AP Washington Staff Said "Far In Front"

BOSTON (AP) — News from the nation's capital provided by The Associated Press was under scrutiny today at the 21st annual meeting of the AP Managing Editors Association.

John H. Colburn of the Richmond (Va.) Times-Dispatch, chairman of the APME Committee on Washington News, reported the AP staff in Washington "emerged far in front of any other press association." He said his committee's assignment was primarily "to help AP detect weaknesses and to suggest ways . . . . to make the fine staff more valuable to the membership."

Colburn's report recommended sharper selection and editing of routine stories; a continuing campaign for more lucid writing; greater emphasis on injecting life into stories; double checking, and further efforts to make facts more understandable to the reader.

The editors also considered the AP sports service and heard reports from William S. Lampe, Detroit (Mich.) Times, chairman of the Committee on Sports News, and Ted Smits, AP general sports editor.

Pre-election surveys by the AP were debated at Wednesday's session for several hours. A majority of the Committee on Campaign and Election Coverage, through Chairman Murray Powers of the Akron (O.) Beacon Journal, was recorded in opposition to the surveys.

Speaking for the committee minority, Robert C. Notson of the Portland (Ore.) Oregonian, called the survey "a good reportorial job."

Alan J. Gould, AP executive editor, said the survey was intended only "to give a concensus of political trends. We have no thought of offering predictions by the AP or by members."

In general discussion of the AP political convention coverage, Vincent S. Jones of the Gannett Newspapers said television and radio "got all the cream and most of the gravy."

"When you hear people say it's better to see and hear a candidate," Jones asked, "isn't it time to wonder whether we aren't trying to do battle with nothing better than one-dimensional reporting?"

He said the "myth of editorial sterility has been dispelled—possibly because editorials this time were written with both skill and feeling."

Jones said the election was won by a "whole new class of voters ... and if we are smart we can hold them as steady customers for words and pictures about government and politics. But to do that we need at least an electronic buggy whip for our old nag."

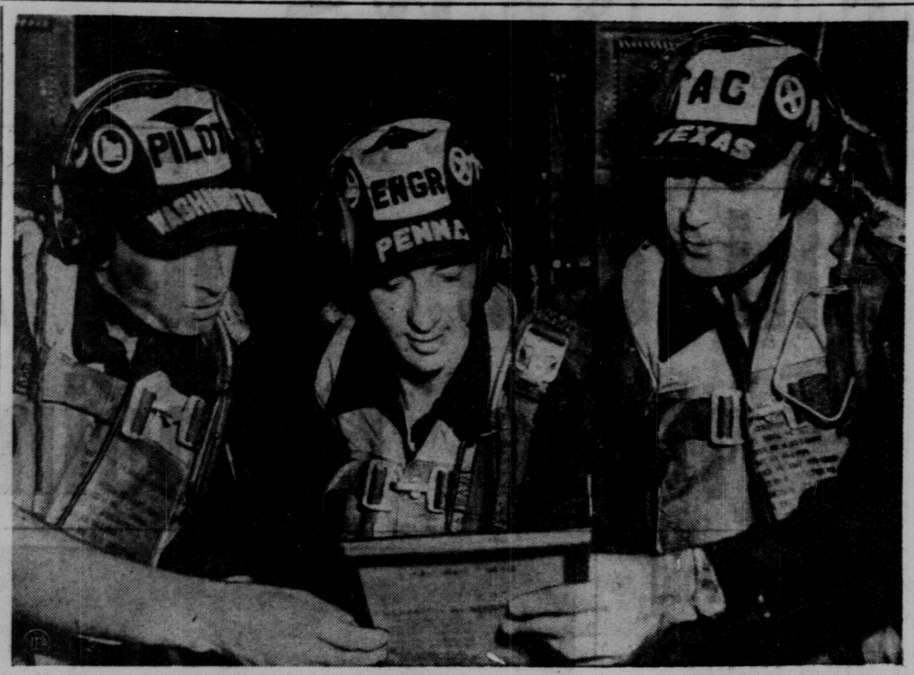

Two veteran newspapermen were honored by the APMEA—David Wilkie, AP automotive editor, for 50 years with the AP and H. D. Paulson, editor of the Fargo (N.D.) Forum, on his 50 years in the Newspaper business. Wilkie was praised by Frank Starzel, AP general manager, as a "real pioneer, particularly in the field of automotive news coverage."

Tampa, Fla., and Chicago have bid for the 1953 APMEA meeting and a selection will be made before the current session closes Saturday.

Scientists To Probe Death Of Fish In Gulf

FT. MYERS, Fla. (AP)—Scientists are setting out to determine if the acres of dead fish seen floating in the Gulf of Mexico the past few days are caused by the dread red tide.

Three marine life experts of the U. S. Fish and Wildlife Service flew from Galveston, Tex., to Sarasota and a laboratory ship is on the way to join them.

Reports of dead fish are similar to those in 1947 when the red tide killed tons of fish along the Florida West Coast and ruined the summer vacation season in some places.

The red tide is a tiny marine organism known as dinoflagellate. Some scientists say these organisms kill fish by entering the gills and strangling them; others say they do it with poison.

Baby's Surgery Chances Better Than Grownup's

LOS ANGELES (AP)—A six-pound baby has a better chance on the operation table than his 40-year-old father.

That comes from one of the nation's leading baby surgeons, Dr. Orvar Swenson of Boston.

"A baby is a brand new mechanism," Dr. Swenson said yesterday, pooh-poohing the idea that infant surgery is dangerous. "The parts are all in fine working order. The heart is strong. The tolerance to anesthetic is excellent. And babies heal remarkably well.

"Wouldn't you rather work on a brand new car than try and repair an old wornout jalopy?" he asked pediatricians and reporters at a meeting at Los Angeles Children's Hospital.

Pre-Election Outburst By Sen. Long Backfires

Well as might be expected he's had several letters asking for the recipe. Unfortunately, he doesn't have one.

"It's an expression I picked up from an old timer down in Louisiana" he told a reporter.

"But the dressing, well, make it just like any dressing — with peckerwood and stuff."

"Yeah" said Bruce Tucker, his administrative aide. "Sawdust and seasoning."

(The dictionary says peckerwood is a woodpecker).

Stock Gains, Losses Stay Evenly Mixed

NEW YORK (AP)—The stock market tried hard to gain ground today but the gains and losses remained pretty evenly mixed.

Activity slowed down considerably after a moderately peppy opening and in most cases the price changes continued small.

Among the exceptions on the advancing side were General Electric and Westinghouse, each of which stepped ahead around a point at times.

While the advances grew in number as the session progressed, the margin of gain continued small.

Among the gainers were Sears Roebuck, Caterpillar, Consolidated Natural Gas, American Can, Union Pacific and Nickel Plate.

The losers included Anaconda, Kennecott Copper, Santa Fe, Gulf Oil and U. S. Gypsum.

Ex Marks A Spot

With full realization of retiring President Truman's limitations, which we have mentioned often, we regret there is no established place in public life for a man of his unusual experience.

We regret there was no place in public life for Herbert Hoover after he left the presidency. It was not until Mr. Hoover finally had lived down the rancor of the 1931 presidential campaign that the most revered American of his day was called back into public service as a specialist in famine relief.

This practice of putting an ex in front of a president of the United States and turning him out of Washington is nonsense. If a president leaving office either voluntarily or involuntarily wants to remain in government, he should be encouraged to do it.

The likeliest of all the proposals which have been made is to create a post in the U.S. Senate that would give the former executive a chance to share his experience with that group, though without voting power.

This would be optional with the individual. But it would be made financially attractive enough to enable any former president who needed the money to accept it. And there would be enough prestige connected with it to tempt any former president who didn't need the money to earn public gratitude by making his experience available to his government.

Korean Dilemma Not Ours Alone

When Dwight Eisenhower goes to Korea, he will be a symbol of hope for millions outside the United States, as well as for his countrymen.

As chief executive after next Jan. 20 of the only nation besides Russia which could break the Korean deadlock, he is the key figure. On him may fall the terrible responsibility, if all else fails, of ordering the use of atomic weapons in Korea.

The deadlock must be broken somehow, sometime.

If no change in party responsibility had been voted, Adlai Stevenson would have had the responsibility which now rests on Eisenhower.

The Korean dilemma is not ours alone; on our side it is shared by our allies fighting under the United Nations flag in Korea.

On the other side, it is shared by all the people fighting for the Kremlin. It may mean nothing to the strategists of the Communist conspiracy when thousands of Chinese lives are traded day after day for hundreds of lives claimed from Americans, South Koreans and their allies. But it is an affront to the sensibilities of all civilized people.

The United States gets no satisfaction from shedding the blood of ignorant, misled Asiatics in a war that never should have been started.

The Korean deadlock must be broken. The war must be ended.

Gen. MacArthur was dismissed in April, 1951, because his plan for breaking it called for carrying the war to Chinese cities.

A few months later, in July, the Kremlin itself seemed to be looking for some way to break the deadlock when it proposed truce negotiations. The negotiations failed.

Now there is to be a new effort. With partisan politics out of the way, no one questions the significance of the Eisenhower visit to Korea.

It has revived world hope of affirmative American leadership of the Anti-Communist Bloc in the United Nations.

No Forgiving, No Forgetting

Scarcely had the shape of the popular decision become visible last Tuesday night before Americans were being urged to forgive and forget.

The urging was done by partisans with bad consciences. They had urgent reasons for wanting the slate of memory wiped clean. What they had written on it was not pretty.

They had tried to smear a patriot of unquestioned loyalty with slurs of treason, religious hatred, falsehood and gross distortion of the record.

They had turned savagely against a man who once had commanded their confidence. His decision to become the nominee of an opposing political party had caused them to try to destroy him.

They had dragged down the office of the president of the United States to a level of slander which shocked even the most case-hardened courthouse politicians accustomed to that sort of thing.

Worst of all, they had degraded and handicapped a presidential candidate of their own choosing. Adlai Stevenson was too good a man, he had too much to offer the Democratic party in the way of uplift for its moral and intellectual prestige, to be dragged down by the alley-fighters who dominated the Democratic campaign in 1952.

There is no reason to forgive or forget anything about their antics. If they ever try them again, a hurry-up call for the exterminators will be in order.

Ignorance has its value—producing about nine-tenths of the world's conversation output.

Plans For 1956

By DAVID LAWRENCE

GOP Readies Anti-Depression Steps

The presidential campaign of 1956 has begun already. This should not be surprising. For, while the general public hasn't always realized that the day after election the planning for the next campaign starts, the maneuvers are usually visible to the political leaders of both sides.

Wilson Wyatt, campaign manager for Gov. Stevenson, wants the Illinois governor to stay before the public with the idea of running again in 1956.

Many of the admirers of the governor feel he is a man of destiny in politics. They look to him rather than to Truman for leadership and do not hesitate to say so openly.

On the Republican side, the talk of 1956 is even more pronounced. Of what avail would it be, ask the Republicans, to win in 1952 and stay in power only four years?

Obviously the planning is to make the kind of record which will mean re-election for Eisenhower.

First and foremost in the minds of all the Republican leaders is the problem of a possible depression. It is universally agreed that another depression during a Republican administration would drive the party out of power in 1956 for decades to come.

It is significant how much conversation there is among the Republican leaders about the importance of avoiding a depression. One reason is that the economists from various groups, including some from the labor unions, have been saying for the last year that, if armament expenses are seriously curtailed, there will be unemployment.

The Republicans are committed to the cutting of expenses in order to reduce taxes.

The Republicans, however, have been discussing plans to keep the production of the nation at high levels irrespective of some diminution in government spending, and the idea seems to be to let the armament expense taper off while private spending takes up the slack.

Confidence in the future among business men has taken such a decided turn for the better since the election that it would not be surprising to see private spending stimulated to extraordinary levels in the next few years.

Many studies have been made in government circles on the question of transferring from an armament economy to something normal. It is realized that there will be a certain armament base for many years to come due to the "cold war" and that the real issue is how to put the armament program on a plateau of spending while the private investment side builds up.

The question is complex but, from a political point of view, it is already important to note that the Republican leaders haven't the slightest intention of "letting nature take its course.' They are bound to use governmental machinery when it becomes necessary.

This doesn't mean that inflation as such will be permitted to continue. For the idea now is to cut enough government expense so as to get out of the red and deal a body blow to inflation.

The objective is to depend on increased volume of business to furnish increased employment and greater productivity to bring lower prices.

The most far-reaching consequence of the election has hardly come to general notice as yet. It is the fact that, whereas for nearly 20 years business has regarded the government as its enemy or opponent, the next four years will see an entirely different attitude on the part of government toward business and toward government by busines.

This means an era of constructive cooperation. It means a change in climate in Washington because the major problems involving the economic future of the country cannot be solved without the help of business men.

The Truman administration has occasionally asked business men to come down to Washington but has had a major number of declinations. Working for an administration hostile to business didn't attract volunteers to the government service from the ranks of business.

The situation will be different now. Business men will not feel that, if they bring ideas to Washington, these will be rejected without a fair hearing.

As for the political moves looking toward 1956, the first steps will be taken when Congress convenes in January.

A certain amount of attack will probably continue through investigating committees, especially on the corruption front, because many of the irregularities have not yet been fully disclosed.

A certain amount of activity will be carried on by the Senate's Internal Security Committee, which may be headed by Sen. Ferguson of Michigan, Republican, instead of Sen. McCarran, Democrat, though, since it's a subcommittee, there isn't any good reason why the Nevada senator shouldn't continue as chairman if his colleagues on the Judiciary Committee wish him to do so. He has done a splendid job.

The Joint Economic Committee will probably be headed up by Sen. Taft, as it was in the 80th Congress. This is an important fact-finding body.

The president's council of economic advisers is being widely discussed among the Republicans so that the best possible men will be appointed to it.

There are many signs that the Republicans are determined to avoid a depression and that, if one shows up on the horizon, they plan to deal swiftly with it so that 1956 will permit them to say, "you never had it so good."

Depressions are political poison. The depression of 1893 was almost fatal to the Democratic party, and it never came back till 1912 because the Republicans didn't fail to remind the electorate of it in every campaign.

The depression of 1929 defeated the Republicans in 1932 and the Democrats have been reminding the country of it ever since.

So the avoidance of a depression is a task the Republicans have very much in mind today as they look forward not to just four years but to at least eight years of power.

One Man's Opinion

By WALTER KIERNAN

Things are still a little confused . . . Ike gets ready to go to Korea and Anna Rosenberg comes back from there with the story that all the boys want is Marilyn Monroe.

This is the first indication that Korea is ready for the Monroe doctrine.

But the chances are Ike will go anyway . . . the last time a Democrat told him who the popular demand was for the guess was a couple of million off.

Meanwhile, orderly transfer of the administration is being prepared . . . there are still a couple of questions to be answered such as: Does Harry take the balcony with him when he goes and who pays for the last tuning of the piano

---

Some questions have solved themselves . . General Vaughan is having his medals moved at his own expense.

And Secretary Brannan says he plans to raise potatoes for the next four years . . . then presumably he hopes to be back in office and plowing them under again.

No one knows how the Republicans are going to handle things in Washington . . . some say equal parts of DDE and DDT will work wonders.

"Allow Me to Introduce Myself"

Formation Of The Cabinet

By GEORGE E. SOKOLSKY

In the United States, Cabinet officers are secretaries and assistants to the President. They hold office at his option. They are elected to no office and have no independent constituencies.

Sokolsky

They usually are members of the president's party, although he may appoint citizens who are of the opposite party or of no party at all.

President-elect Eisenhower will have a difficult time choosing his cabinet, because of his newness to political life. With hardly a working majority in either house of Congress, he is politically dependent upon a Republican-Southern Democrat coalition through which he must get appropriations for his various departments.

That coalition can make or break his administration, because they can withhold, reduce, or delay appropriations.

-:-

COMMITTEES of Congress can also hold up confirmations of persons he appoints or can delay such ratifications or hold unpleasant and prolonged hearings in public.

Each member of the Cabinet has to be confirmed by the Senate.

Guess-lists, issued by various prophets, of prospective Cabinet officers have most of them coming from the Eastern seaboard—principally New York.

This is politically impossible. The basic strength of his party is still in the Middle West, which cannot be ignored in Cabinet appointments. If New York gets two seats, it may prove one too many.

California has the vice president and therefore more than one Cabinet member from California would be high. The Southern Democrats who deserted party regularity to vote for Eisenhower are entitled to Cabinet recognition.

The Taft Republicans, who constitute the largest element in the Republican party, will have to be recognized.

-:-

GEOGRAPHICAL appointments are normal to American political life. It is a recognition of the structure of American society based upon our history. We are a federation of 48 sovereign states.

Furthermore, New York is disliked and distrusted in most parts of the United States, the assumption being that it is a city divided between Wall Street plutocrats and Stork Club wisecrackers.

Organization Republicans, who have labored in the desert for 20 years, will expect recognition.

The Republican party consists of three basic elements: 1. The Taft Republicans; 2. The Young Republicans (since 1932); 3. The New Republicans, (those who came into the party with Eisenhower).

Amity was achieved within the party largely through the efforts of Robert A. Taft and Herbert Hoover.

It can almost be said that Taft campaigned as hard as Eisenhower did. That was essential, as otherwise a large number of Republicans would not have voted—enough possibly to change the outcome of the election.

Herbert Hoover fought the tendency to sabotage Eisenhower from the day Eisenhower was nominated.

-:-

IT CAN BE SAID that the Republican party had not been as unified since 1928 as it was in 1952 and that Taft and Hoover achieved that unity for Eisenhower.

The Young Republicans were divided between the Taft and Eisenhower elements. They have had no governmental experience, except perhaps in Congress or in offices under the New Deal during the war.

However, many of them have been effective party workers during the past 20 years.

In the course of the next decade, they will take over the Republican party and will run it.

Most of them must be idealistically Republicans or they would not have chosen careers in a defeated party and stayed with it through the bleak years of failure.

The New Republicans have no history in the Republican party except in this campaign. Few even know their names. Their loyalty is to Eisenhower the man, not to the party.

-:-

POLITICALLY, they are expected to wait their turn. If too many are elevated to high position before they have won confidence, it may hurt Eisenhower's chances of having smooth sailing in Congress.

Were the Republican working majorities in the two houses of Congress notable, these distinctions would not matter.

However with the slim majority that the Republicans have (no actual working majority in either house), the greatest care must be taken to maintain the unity in the party achieved during the campaign.

This will require political astuteness of the highest order.

Roosevelt had a prolonged political honeymoon period; Eisenhower will not have that because the Democrats will seek to rebuild their party as rapidly as possible, with a view to recapturing Congress in 1954.

That is why Cabinet appointments are so important.

Like Roughnecks

By TRUMAN TWILL

Jumping back and forth over all those lower lips and bushy tails when the election was over kept a survivor pretty busy.

The air was full of dollar bills being paid and collected on elections bets. It also was full of static electricity generated by hot heads and red necks which won't cool off until Thanksgiving.

There were a few too many razor-edged observations and exuberant fat boasts on the scene for comfort. But—and this is the point—things will clear up and straighten out.

The poor losers and the poor winners will become adjusted, after their fashions. The campaign buttons and auto stickers will disappear gradually. Even the posters and placards will erode in time.

It's a darned good trick we pull off here in this republic every couple of years. Of all times to show a bright-eyed stranger from abroad what makes a government of the sovereign people tick, with its built-in safety devices, the inval after a national election would be the best.

One can only imagine with a shudder what would happen if this periodic blowing-off of steam were not possible. Bitterness would become a chronic disease. The energy spent in doorbell ringing and electioneering would be diverted into plots and plans for blood-letting and naked seizures of power.

There occurs in an American election a purge of the emotions. It can be a bad experience for the squeamish; no conversational hold are barred. The literature gets scarrilous, too.

But no throats are slit. No machineguns are set up in corner windows of high buildings, to sweep the streets and strike terror into the hearts of would-be builders of barricades.

The winners and the losers exchange Congratulations afterward, and admonish their followers to switch from thoughts of disunity to thoughts of unity. The preachers pray for Divine Guidance to strengthen the hands of those who have given authority. That's the way it's done when human beings become civilized enough to grapple with one another over opinions, without pulling knives.

There is an inexhaustible supply of rascals to throw out of office, and an inexhaustible impluse to keep throwing them. Throwing rascals out of public places and barring the door to rascals trying to get in is a better national pastime than baseball—and everybody can get into the game, with or without skill.

We are not relenting from a previous opinion that politicians should argue like gentlemen, in keeping with the tradition followed by the gentlemen who founded the country.

But neither are we relenting from our firm conviction that this privilege of getting it all out of our systems like roughnecks so we can go back to work when it's over is the secret of the republic.

So They Say

Business believes that full employment is the rule, not the exception in American history.—William J. Grede, president of the NAM.

Once Over

By H. I. PHILLIPS

You Can Hear It Now

(Conversation piece showing the effect of the recent violent campaign on the American home. The characters are a husband and wife.)

"Did you sleep well?"

"I have answered that question again and again and will not be trapped into any inconsistencies. I suggest you consult the record."

"Such a lack of candor and honesty could well be expected from your type. What do you want for breakfast, ingrate and bigot?"

"My breakfast program remains unchanged and no amount of scurrilous and false charges can change it."

"I say without fear of contradiction you will get a boiled egg and like it, you filthy disciple of disunity."

"You can't intimidate me. I demand wheatcakes and buttered toast. And I reiterate my stand against lousy coffee."

"That's a typical smear from a contemptible and untrustworthy foe of peace. You never get any lousy coffee in this house."

"Liar!"

"Falsifier of facts! Deliberate distorter of the truth."

—:—

"You haven't made a good cup of coffee since I married you."

"Guilty of association, ya chiseler, crook and dirty reactionary!"

(Later at breakfast.)

"Stop putting so much butter on your wheatcakes, you big hog! The doctor told you it was impossible to take off weight that way . . . and I quote."

"When you quote anything you take it out of context and distort the meaning. I have here a copy of my doctor's statement."

"That is a top secret document, you traitor!"

"You are guilty of an unmitigated falsehood typical of your low tactics of villification and slander."

—:—

"Oh, very well if you want to look like a menagerie hippopotamus it's your affair, you wavering fool!"

"You are no sylph yourself and I defy you to challenge the veracity of that statement."

"I count my calories, you heel!"

"All the evidence shows a deliberate tampering with the correct count in a long standing campaign of dishonesty!"

"You didn't use to talk like that to me, you Communist tool."

"You are not the person you once were. You have been taken over by the interests. You are a captive of sinister forces ganging up against the forward march of this household."

"Bum!"

"McCarthy stooge!"

"Your taxi's outside. Scram, ya enemy of the people, exploiter of your fellowman, betrayer of friends, five percenter and turner back of the march of progress. But be home early to dinner."

"Okay, ya appeaser!"

—:—

In baseball terms the voters made it snappy by just telling the administration "Turn in your suit."

We think Russell Crouse and Irv Berlin deserve cabinet jobs under Ike. They started it all with that "I Like Ike" song.

We think, also, that Harry Truman should get some sort of a job from Eisenhower for his speeches which did much to put Ike in the White House. Secretary in charge of boomerangs, or something of that sort.

Ike is occupying the Bobby Jones' cabin on the Augusta golf links. Bobby and the general have much in common: They both are famous for their drives as top golfers regardless of traps and bunkers. In fact, we would say that in the election Eisenhower almost made a hole in one.

—:—

Tom Dewey did a whale of a job for the general and went all out for him all the way in sharp contrast to a certain general and former buddy who never lifted a finger for Ike, and, in a message congratulating the Republican party, didn't even mention his name.

Whatever became of the notion that the American voter was in anybody's pocket or would do the bidding of any chesty leaders of any autocratic groups?

U.S. Presidency System Needed

History Shows Lag In Time Can Be Bad

WASHINGTON (AP)—We are in a curious period of U. S. history.

Harry S. Truman is president of the United States even though 33 million voters have said they want a change. And he will continue to be president, with full authority and responsibility, until Dwight D. Eisenhower takes over on Jan. 20.

It's an awkward situation.

Any cabinet officer or other administrator who makes a decision or issues a statement knows he does so on borrowed time. Any diplomat abroad realizes he is speaking for an administration which has had a no-confidence vote by the people.

Fortunately, Truman and Eisenhower appear to be making the best of it.

At Truman's invitation, Eisenhower has named a couple of go-betweens, and doubtless will name more. The transition should be as painless as possible.

In the past the problem has been more acute, for two reasons.

First, until the 20th Amendment to the Constitution advanced the inauguration date from March 4, the time lag was greater.

Second, not all out-going presidents and presidents-elect have displayed such willingness to co-operate as have Truman and Eisenhower.

Herbert Hoover says in his memoirs that he begged Franklin D Roosevelt to co-operate and that Roosevelt wouldn't. Hoover thinks this helped accelerate the slide into the depression.

Undoubtedly the most critical presidential switch came in 1860 when Lincoln took over from Buchanan.

The South was seceding, a nation was crumbling. The head of the Army, Gen. Winfield Scott, said fearfully:

"A dog fight now might cause the gutters to run with blood."

Buchanan seemed to be going in circles. He thought no state had the right to secede, but also that the government had no right to keep it from seceding.

He therefore did little or nothing. Lincoln didn't help him. Buchanan had invited Lincoln to come to Washington if he wanted to, but Lincoln stayed home in Springfield, Ill.

Some historians feel this period of indecision may have prolonged the Civil War.

There's not much chance that the time lag between election and inauguration will be shortened soon The dates can be changed only by another constitutional amendment.

The petition claims the youth suffered a broken leg when another skater knocked him down July 19. The petition claims no barrier separated the rink from where skaters donned their skates. The petition alleges the youth walks with a limp.

Artificial Kidney Saves GI's Lives

WITH U. S. EIGHTH ARMY, Korea (AP)—The artificial kidney, a revolutionary medical device long in development, has saved the lives of many wounded allied troops, says the Eighth Army surgeon, Brig. Gen. L. Holmes Ginn.

Medical authorities say the apparatus, which does the work of the human kidneys when wounds or illness prevent those organs from functioning properly, prevents the spread of deadly uremic poisoning.

Uremic poisoning results from the kidneys failure to discharge body wastes from the blood stream.

Treatment lasts approximately six hours. After that the patient's own kidneys are usually functioning properly. If not, the treatment is repeated.

Ginn did not say when the machine was first used in Korea.

Leornians Continue 'Cruise;' Stop At Ports On Riviera

Continuing their Mediterranean cruise, members of the Leornians figuratively basked in the sun at luxurious hotels on the French Riviera at their meeting Wednesday evening in the public library. Presiding was Mrs. Orein Naragon.

The liner, The Excalibur, stopped at several ports on the French Riviera in the mythical cruise guided by Mrs. Lionel Smith. She said in her talk that the activities of that ultra-social spot and playground of the wealthy would "flap the wings off the most social butterfly."

Mrs. Smith pointed out that the sunshine of the Riviera makes it a flower paradise, and flower-raising for perfumes is the chief cash crop of the principality.

Tied in with the cruise was the review of the book, "The Sea Around Us" (Carson) an Atlantic prize winner presented by Miss Helen Thorpe. The non-fiction book told of the world's last frontier, the sea.

Mrs. Elmer Kerr, critic, said in her report the program lived up to the name Leornian, which means learn to study.

The musical portion of the program was presented by Mrs. Bryce Kendall. She introduced Miss Barbara Cameron who sang, "Dedication," "Vienna My City Of Dreams" and "Two Hearts in Three-Quarter Time." Miss Gloria Andrews was her accompanist.

The women voted $10 to the swimming pool fund.

Mrs. Harry Loria reported for the hospitality committee, Mrs. Alfred Fitch for the house committee and Mrs. Wallace Duncan for the civic committee. The women will continue their dental project.

It was decided that gifts for children in foster homes and for women in the Home for Aged Women will be brought to the next meeting, Dec. 10 in the library. The gifts are to be wrapped for Christmas but marked concerning contents, including size, age and items, if for the children.

Mrs. E. T. Trebilcock told of good Christmas gift books for both children and adults. For little folks she recommended "Looking for Something"; for 8-12 year olds, "The Talking Cat" and for older children, "Big Mutt."

Leornians voted $25 toward the purchase of the new piano in the assembly room.

The Thanksgiving theme was used in decorating the refreshment table. Chrysanthemums, cat tails, fruit and nuts were arranged between brown candles. Hostesses were Mrs. Arthur Louden, Mrs. Leonard Hoppes, Mrs. Eugene Early, Mrs. Robert Buckholdt, Mrs. William Baker and Miss Ala Zimmerman.

The Christmas story in song and story will be told at the meeting Dec. 10. Guests are invited to this meeting.

the least you can do

THE EARLY GREEK PHYSICIANS believed that it was not possible for a man to enjoy perfect health unless he carefully organized his life to accomplish this single objective. This meant the meticulous ordering of each day. Proper nutrition, exercise, and rest were perfectly balanced. Physical constitution, age, and even the seasons of the year were considered.

For a man of affairs, such a regimen is out of the question. When your work is done, you play and exercise when you can. But this little you can do. See your family physician at least once a year. Follow his advice. In case medication is required, we are prepared to serve you, promptly and economically.

Lausche May Call Session To Consider Prison Program

COLUMBUS, O. (AP)—Gov. Frank J. Lausche was undecided today whether to call a special session of the State Legislature in December to consider his new 8½ million dollar prison program.

The governor outlined his plan to leaders of the Ohio Legislature Wednesday night. He said the senators and representatives unanimously were of the opinion "the program would be adopted early in the regular session without difficulty."

But Lausche said he was afraid "the prison program might be allowed to go by the wayside" in the pressure of the regular session.

"I contemplate a further study of the matter before I decide whether the special session should be called or the proposals be submitted to the next general assembly," the governor said.

His program for modernizing the state's prison system contemplates conversion of Mansfield Reformatory into a medium security prison, operation of the Marion Training School as a reformatory and use of the Roseville institution primarily for physically handicapped and the unemployable.

London would continue as a prison farm and Ohio Penitentiary, scene of a recent rebellion, would be for maximum security convicts and for a reception and classification center.

The governor said he would also like to see a new mental hospital built at Columbus or Tiffin so non-penal mental patients could be transferred there, leaving Lima State Hospital for the exclusive use of penal mental patients.

Legislators at the governor's four and one half hour conference included state Sens. C. Stanley Mechem (R-Athens), chairman of the Senate Finance Committee, Roscoe R. Walcutt (R-Franklin), president pro tem of the Senate, and state Rep. Gordon Renner (R-Hamilton), speaker of the House, and William Saxbe (R-Champaign), speaker pro tem.

Largest item on the program is five million dollars earmarked for immediate construction of an 800-man unit at Marion.

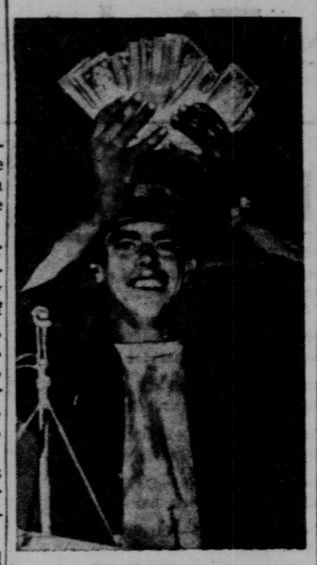

The legislature also will be asked to provide $725,000 for a 150-prisoner dormitory at London, $250,999 for quarters for 150 inmates at Lebanon Honor Camp, $175,000 for a 150-prisoner addition at Roseville, $275,000 to rebuild the laundry wrecked by Ohio Pen rioters, and $625,000 to purchase land now leased from the federal government at Marion.

The non-penal hospital would cost $1,400,000.

The new Legislature will meet Jan. 5, 1953, and Lausche hinted that while the assembly leaders would be satisfied to wait until then he might not.

Also pushing for immediate adoption of the needed legislation were Welfare Director John Lamneck, Warden Ralph W. Alvis of Ohio Penitentiary and Arthur Glattke, commissioner of the division of corrections.

Leaders of the Republican majority in the 100th General Assembly indicated they would send out notices today for a caucus Dec. 8 in Columbus. Republican state senators may set their caucus date later today.

1952 Ohio Corn Yield 53 Bushels Per Acre

WASHINGTON (AP) — Ohio farms will produce 53 bushels of corn to the acre for a total crop of 189,051,000 bushels in 1952, the Agriculture Department estimated Wednesday. The department made public its semi-final report of the year.

The 53-bushel yield compares to a national average of 40.2 bushels an acre.

Other indicated yields per acre and production for important Ohio groups:

Soybeans for beans, 22 bushels an acre and production of 22,022,000 bushels; tobacco, 11,429 pounds an acre and production of 28,150,000 pounds; potatoes, 225 bushels an acre and production of 5,625,000 bushels, sugar beets, 11 tons an acre and production of 132,000 tons.

Hiss Parole Case May Come Up Late Friday

LEWISBURG, Pa. (AP) — Dr. George G. Killinger, chairman of the U. S. Parole Board, continued interviews with parole applicants at the Northeastern Penitentiary but with little hope of reaching the case of Alger Hiss today.

Killinger said indications were that Hiss' case would not come up before late tomorrow. Hiss, serving a five-year sentence for perjury, is eligible for parole on Nov. 21, when one-third of his term will be up.

Hiss, former State Department employe, was 48 on Tuesday. He was convicted in 1950 on the basis of his testimony that he never gave government secrets to Whittaker Chambers, admitted one-time courier for a Communist spy ring.

Coaches Barrett, Bucher Anticipate Tight Game Friday

Salem, Lisbon Teams Already Fired Up For Grid Contest, Mentors Claim

Coach Ben Barrett

Coach Bud Bucher

Reilly Stadium May Be Edge For Quakers

Coaches Ben Barrett and Bud Bucher of Salem and Lisbon, respectively, each expect a tight game Friday night at Reilly Stadium when their teams clash in the 42nd meeting between the two schools.

Barrett said his Quakers were in fine shape with the exception of Tackle Jon Zeigler who was injured during practice prior to the East Liverpool game two weeks ago. Zeigler may be able to play, however.

Bucher stated the same of his Blue Devils with one exception, Frank Richardson who was still out with a bad ankle. However, the Lisbon coach said he thought Richardson might be able to play Friday but he didn't know how much. He related that Vinson Weyant would probably see a majority of the action.

Both coaches claimed their charges would be "up" for the contest and each wanted to win it badly the Quakers to revenge the loss of last season and the Blue Devils to make it two straight over Salem and to end the season with an 8-1-1 record.

Neither coach would commit himself as to the outcome of the contest but each had a feeling of confidence in his team.

—:—

JUDGING from performances of past Salem-Lisbon contests, the Quakers may enter the Friday game with the edge.

Lisbon hasn't defeated a Salem eleven in Reilly Stadium since 1934 when they won a 7-0 decision. That contest was played 18 years ago and since that time ten other games have been played in Salem and each time the Quakers were the victors.

Thus, Reilly Stadium seems to be a jinx for the Blue Devils and this year's contest is being played in the Quaker's stadium.

—:—

THE COACHES of the two grid elevens also have a tight race between themselves. Barrett and Bucher have each captured two victories against the other while one game ended in a deadlock.

Bucher, who took over the reins of the Blue Devils in 1946, took a defeat from a Barrett-coached team that year, 21-13. The following year he avenged the loss with a 7-0 win on the Lisbon field when both teams were undefeated prior to the game.

The 1948 season saw Barrett come up with his second win over Bucher in a 12-0 decision in Reilly Stadium. The two teams fought to a 6-6 deadlock in the '49 season and the following year the game was cancelled due to the polio outbreak in Salem.

Last year the Buchermen trounced and humiliated the Quakers in a 31-0 battle in Lisbon on a miserable day. Tomorrow night the Quakers will try to avenge the victory and put Barrett out in front in the race for victory between the coaches.

Barrett's total over nine years plus nine games this year reads 59 wins, 26 losses and three tie games while Bucher's total over six years and nine games this season is 51 victories, nine losses and three deadlocks.

Woody Hayes Pleased With OSU Workout

COLUMBUS, O. (AP) — Coach Woody Hayes says if his Buckeyes can intercept one Illinois pass for every four completions, the Ohio State footballers will fare well Saturday at Champaign.

The squad made many "interceptions" Wednesday during a two hour workout. Senior Bill Peterson impersonated the Illini's ace passer, Tommy O'Connell, and the squad went through Illinois' known pass plays.

"Didn't they do a good job out there?" Hayes queried. "You've got to hand it to the boys. In the face of all the disappointments they've had, they went out there and worked for a solid two hours and were ready for more."

Hayes' optimism was buoyed by the performance of George Jacoby, defensive tackle. In addition to his defense duties, Jacoby will play left tackle on offense for the Big Ten conference tilt, Hayes announced.

Nick Guthrie, regular left tackle, has moved to the right side, replacing sophomore Don Swartz.

Ohio will wrap up its heavy training this afternoon. Friday the Bucks will fly to Champaign for the third and last trip of the season.

Turn Dallas Franchise Back To Pro League

Texans To Play Remaining Contests On The Road

DALLAS (AP) — Dallas was without professional backing just 11 months after it brought in a franchise with fanfare and ballyhoo that said the game couldn't miss in big, free-spending Texas.

The Dallas Texans, who lost seven games out of seven and almost a quarter of a million dollars, were orphaned yesterday when the 16 stockholders turned the franchise back to the National Football League. The Texans become a "road club" and play no more games in Dallas.

Coupled with the announcement that the Texans were quitting with a little more than half the season completed was the statement that a bid would be made to buy the club back when it came up for disposal probably next month.

Financial aid was obtained with a group of moneyed men willing to take over and operate on a three-year basis but John Coyle, one of the Texans trustees, said "interim financing" could not be obtained. He explained that the Texans didn't have the money to operate during three weeks or more that would be required to effect legal transfer of the club to the new group. There were 40 bondholders who held, in effect, a mortgage on the franchise. That created the legal technicalities.

Giles Miller young Dallas textile operator who bought the New York Yanks franchise last winter and formed a syndicate to operate it here, said that while a small minority of the owners was willing to make funds available to operate further "we were unable to obtain necessary co-operation from any others."

Two Fullbacks Kicked Off Cougar Squad

PULLMAN, Wash. (AP)—Washington State football Coach Alton Kircher Wednesday announced the suspension of two fullbacks who have played important roles on the Cougar squad this year.

His announcement said Jim Head and Dick Bower, have been suspended for the rest of the season as a disciplinary measure.

Exactly what brought on this action only a few days before Washington State meets California on the gridiron wasn't made clear. But Head said "it was all our fault."

Some players who asked not to be named, said the suspension involved the attitude of the fullbacks toward warm-up drills during practice and followed Tuesday evening's practice session. It also was reported that Kircher did not act until after a vote of senior lettermen on the squad.

NFL Attendance Up Three Per Cent

PHILADELPHIA (AP) — National Football League games have drawn nearly three per cent more fans than attended the same number of games in 1951, an Associated Press survey disclosed.

The world champion Los Angeles Rams are the only team to show an appreciable drop in attendance while seven showed increases and three others slight decreases.

At the 36-game halfway mark, Commissioner Bert Bell reported, 1,046,523 had paid their way into NFL ball parks, 26,763 more than during the same period last year. He attributed the general increase to tight races in both divisions.

The AP survey showed Detroit, San Francisco and Cleveland with the biggest gains. Detroit drew 153,000 to three homes games, 38,408 more than in 1951; San Francisco, 141,000 in three home dates, a jump of 20,042, and Cleveland 142,157, in increase of 18,833.

Cincinnati Cage Coach Resigns

CINCINNATI (AP) — John Wiethe, who combined law with basketball successfully for six years, has given up the basketball end of it. He quit Wednesday as coach at the University of Cincinnati.

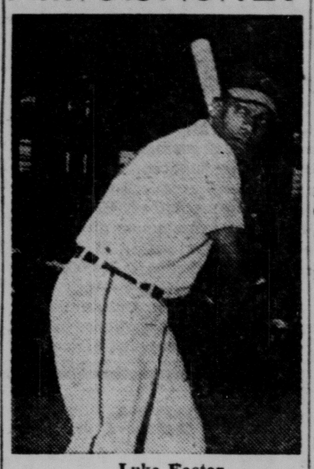

George Smith, a former U. C. football star and the Bearcat freshman basketball coach since 1948, was named immediately to succeed him.

Wiethe, who maintained a successful legal practice all the while, coached Cincinnati to 106 victories and 47 defeats in six seasons against some rugged coast-to-coast competition.

This fall he made an unsuccessful campaign for election as Hamilton County prosecutor. He was beaten in the election last week by C. Watson Hover, the Republican incumbent.

Wiethe told U. C. Athletic Director M. Charles Mileham he was quitting as basketball coach because of the physical strain and on the advice of his physician.

Luke Easter To Address Amvets Nov. 21

Luke Easter

Luke Easter, slugging first baseman of the Cleveland Indians, will be the guest speaker at the Salem Amvets' stag party Friday Nov. 21, at 8:30 p.m. at the post.

Easter, who is not playing baseball this winter, is expected to discuss the past season in general, the Indians, the Yankees, and his personal hitting among other baseball subjects.

The Negro first sacker, who spent two weeks with the Tribe's Indianapolis farm club after failing to hit, will undoubtedly have a "question and answer" discussion during the latter part of his talk.

Coach Ben Barrett will show movies of the Salem-Newton Falls game played last Friday. The Salem coach will also discuss the Salem-Lisbon game slated Friday in Reilly Stadium.

Durocher, Rigney In Movie Skit

HOLLYWOOD, Cal. (AP)—Baseball Manager Leo Durocher of the New York Giants, an accomplished actor in delivering lines on radio and television, has no qualms about facing the movie cameras.

Durocher is doing a skit with Tallulah Bankhead in "Main Street to Broadway," and the only time he flinched was when the makeup man approached him with a powder puff.

"I'm glad Laraine isn't around to see this," Leo exclaimed, referring to his actress wife, Laraine Day. Utility infielder Bill Rigney of the Giants is also in the scene. Asked how he liked being an actoh, Rigney promptly replied:

"I like baseball."

Frick Places Jim Rivera On Indefinite Probation

By SHELDON SAKOWITZ

NEW YORK (AP)—Baseball Commissioner Ford Frick used the velvet fist treatment in placing Jim Rivera, Chicago White Sox rookie, on indefinite probation.

Baseball's boss could have barred the 29-year-old New York-born Puerto Rican from baseball, but instead he put the speedy outfielder on probation yesterday and warned him that if he failed to "toe the line" he would be banished permanently.

Rivera was cleared by the Cook County (Ill.) Grand Jury on a rape charge last month, but Frick maintained the Sox outfielder is guilty "of a certain type of moral delinquency."

Frick, in handing down his decision said that he "could not place himself in the position of going over the heads of an American jury.

The Chicago White Sox will be held responsible for Rivera's actions on and off the field and will have to submit a report to Frick's office if the controversial outfielder misbehaves in any way.

The Commissioner, prohibited the Chicago club from transferring the player's contract for a period of one year and the only way the White Sox can dispose of him is by voluntary retirement or suspension.

"The commissioner recognizes, as does the Chicago American League club," Frick said, "that they have an obligation to the public to maintain the highest possible standards of morality among all men who are connected with the game."

The White Sox player was sentenced to prison on a rape charge while he was serving in the Army. Last Sept. 28 he was charged with raping a 22-year-old married woman in Chicago. Rivera admitted being intimate with the woman but denied using force.

In Chicago, Mrs. Grace Comiskey, president of the White Sox, said she was delighted over the commissioner's ruling.

William Harridge, president of the American League, said he was in complete accord with Frick's decision.

Bobby Adams, Cincinnati Red third baseman, went to bat more than any other member of the team in 1952. He appeared637 times.

It takes Detroit Lions halfback Doak Walker seven seconds to change from his "low cut" football shoes to the regulation type he uses for extra-point and field goal attempts.

Vic Sears, rugged 230-pound tackle for the Philadelphia Eagles in the NFL, is playing his 12th season in pro football.

Hayes Wins Detroit Bout With TKO

DETROIT (AP) — Norman Hayes, who flicked the blood out of his eye and turned an apparent defeat into a technical knockout victory, day-dreamed today of the middleweight boxing title.

Hayes, 160½ pounds, of Boston, stopped Joey DeJohn, 165, Syracuse, at 1:44 minutes of the third round of last night's nationally-televised fight, scheduled for ten rounds.

DeJohn was confidently boring in, trying to widen a bleeding gash over Hayes' right eye when Hayes floored him with a right to the side of the head. Hayes dropped him twice more and Referee Johnny Weber stopped the fight.

Afterwards, Hayes, who has been unsuccessful recently against light-heavlweights, said, "from now on I'm sticking to the middleweights."

Hayes hopes for a chance at the middleweight title should Champion Sugar Ray Robinson retire as expected.

"This boy is the best in the middleweight class now," said Hayes' manager, Johnny Buckley, "and he's still a year away from his peak."

Buckley hopes to take Hayes to Paris for a bout with another leading contender, Charley Humez. Hayes lost a disputed split decision to Humez some time ago.

DeJohn, 24-year-old who knocked out Irish Bob Murphy in September, was leading on every scorecard when the end came.

Claassen Picks Grid Winners This Weekend

By HAROLD CLAASSEN

NEW YORK (AP)—Football selections made on Nov. 13 simply can not be any better or any worse than those made on Oct. 31. So here comes this week's picks:

Michigan State over Notre Dame: A duel that compares with last week's Notre Dame-Oklahoma affair but this time the Irish appear doomed.

Maryland over Mississippi: The Mississippians will work a minor miracle if they get a tie against Jack Scarbath & Company.

Georgia Tech over Alabama: Your afternoon TV attraction. Tech's Turner and Teas are Dixie's modern Blanchard and Davis, of Army's wartime teams.

Oklahoma over Missouri: The Sooners to take out their anger on Missouri for last Saturday's defeat at Notre Dame.

Southern California over Washington: Washington has stolen quietly in the Coast Conference title race but its exit will be noisy even though Don Heinrich's passes will annoy the Trojans.

Tennessee over Florida: The 'Gators have primed for this one since the season started but the odds are against them.

Texas over Texas Christian: Texas has in T. Jones the conference's best passer, in Dick Ochoa the loop's best ground-gainer, in Gib Dawson the leading scorer and in Tom Stolhandske the leading pass receiver. That's too much for TCU.

Michigan over Purdue: A close one. Purdue never has beaten Michigan at Ann Arbor and here's a shaky vote the jinx will hold.

Syracuse over Colgate: Syracuse is bowl hungry.

Princeton over Yale: Yale is the surprise team of the East but this time it gets the surprise.

Duke over Wake Forest: Duke to rebound after a pair of stinging rebukes.

Big Seven To Abide With Post-Season Game Rules

By ORLO ROBERTSON

NEW YORK (AP) — The football bowl pickings are getting slimmer and slimmer as the deadline nears for the selection of the representatives in the post-season gridiron classics.

Another conference bowed out of the picture officially last night when the faculty committee of the Big Seven ruled to abide by the circuit's present rule which prohibits any post-season competition.

That action put a quietus on reports that Oklahoma and possibly some other members of the conference would seek permission to play on New Year's Day. Once-beaten Oklahoma had been mentioned as a possible participant in the Sugar, Cotton and Orange Bowls.

As the situation now stands only the Rose Bowl is definitely set with the Pacific Coast Conference winner, probably Southern California or U.C.L.A., opposing the Big 10 champion.

The Cotton Bowl is sure of the Southwest Conference titleholder as the host team. Right now Texas is in line for that honor. Georgia Tech, powerhouse of the Southeastern League has accepted an invitation to play in the Sugar Bowl.

If Florida gets past Tennessee Saturday, then the Gators can look for an Orange Bowl bid. They have lost to Vanderbilt and Georgia Tech but only by a combined margin of 10 points. The Vols of Tennessee, with a 6-1 record, also have eyes on one of the major bowls.

Mississippi, another member of the Southeastern Conference, likewise is looking bowlward but the Rebels have a Saturday engagement with powerful Maryland. The Terrapins themselves would like very much to travel to the sunny climes on Jan. 1 but they are on probation for playing in the Sugar Bowl last New Year's Day and are not likely to risk additional punishment by the Southern Conference.

Even the pickings among the independents are not plentiful.

Without attempting to list them in order of possible preference the leading eligibles include Pittsburgh, Syracuse and Holy Cross and possibly Villanova — all Eastern outfits.

Pittsburgh has defeats by Oklahoma and West Virginia on the wrong side. Syracuse has dropped two, one to Bolling Field and the other to No. 1 ranked Michigan State. Holy Cross has lost only to Syracuse but has not played an impressive schedule. Villanova definitely was in running until smothered 42-6 last week by Tulsa.

Will Propose New Rule To Cage Rules Group

NEW ORLEANS (AP)—Cliff Wells, basketball coach of Tulane University, planned today to introduce before the National Basketball Rules Committee a radical innovation to eliminate stalling tactics from the collegiate sport.

Wells proposes to base halves on points rather than minutes. He would end the first half when one team has scored 40 points and the second half when one team has scored 80.

"The idea will speed up the game, eliminate stalling tactics and increase appeal for spectator," said Wells.

Probe Of H-Bomb Reports Asked

Sen. Bricker Wants Data On Security

WASHINGTON (AP) — A Republican senator wants to know whether the mid-Pacific atomic tests—from which have erupted unofficial reports of what some claim was the world's first H-bomb explosion—needed tight secrecy rules and, if so, whether they were enforced.

Sen. Bricker, a member of the Senate-House Atomic Committee, told a reporter from his home at Columbus, O.:

"I will want an explanation of whether the tight security secrecy was necessary—and, if so, whether these anonymous reported eyewitness accounts indicate that security was not properly enforced.

"All these published accounts may indicate that someone slipped a cog on enforcing security regulations."

Bricker said he will be in Washington next week to demand an official explanation. He said he will decide then whether to seek an investigation.

Eyewitness accounts of the current tests at Eniwetok Atoll, mostly from sailors aboard task force ships, have been widely published in the nation's press during recent days.

The Atomic Energy Commission and the Pentagon, meanwhile, have maintained a tight-lipped silence. The only word from the AEC has been "absolutely no comment" until the tests are completed.

An Army spokesman at Fort Shafter in Hawaii said he knew of no mail censorship at the test grounds. He said the commander of the tests, Maj. Gen. P. W. Clarkson, had censorship authority but may have put his men "on their honor."

CHILD CARE CLINIC SET

LISBON—The Home Demonstration Council committee on family living will present a discussion on "Caring for Groups of Pre-School Children" at a meeting Tuesday from 10:30 a.m. to 3 p.m. at the Lisbon Christian Church.

Miss Lucile Pepoon, extension specialist in family living and child development will be the leader.

A coverdish dinner will be served at noon.

Now noted for its gentle disposition, the English bulldog first was bred in England to fight or "bait" bulls. These fighting bulldogs bit into the bull's nose and usually held on until the bull was exhausted.

Newsman, Wife Heed Threat

Leave Mississippi, Return To N. Dakota

TUPELO, Miss. (AP)—Newell Anderson and his pretty wife were on their way back to their native North Dakota today because, the 26-year-old newsman said, he had been warned to leave here on grounds that he is a Yankee.

The couple started driving to Fargo, N. D., late yesterday about one hour ahead of the ultimatum which Anderson said was set by two hooded men after they roughed him up on a wild automobile ride Monday night.

"We don't like foreigners coming in here and you'd better get out of town," Anderson said the men told him.

Anderson, who had been circulation manager of the Tupelo Journal for six weeks, said he had received anonymous telephone threats for two weeks.

Mayor George Maynard said that "the business of him (Anderson) being a 'damn Yankee' had nothing to do with his leaving. There is something more behind it."

Maynard and other civic leaders in this Northeast Mississippi town of 15,000, said they would get the true facts of the case "in order to remove the unjustified black eye against Tupelo and the South."

Anderson said he and his wife had been offered around-the-clock police protection for 30 days if they decided to stay.

"We got to thinking about what would happen after those 30 days and decided to leave," he added.

Mrs. Anderson, who is expecting their first child next April, said, "besides, I couldn't go up to town to shop without a patrolman going along."

Portugal

By HAL BOYLE

LISBON, Portugal—When kings lose their thrones but manage to keep their heads, they like to come to Portugal.

The political climate as well as the balmy air of this tiny country—it is about the size of Indiana, has a population slightly larger than that of New York City—agrees with them. They also like the feeling of stability and security built by Premier Antonio De Oliveira Salazar, the most scholarly as well as one of the more durable of Europe's dictators.

As a result this refuge of royalty has more ex-kings, would-be kings, and heirs of kings than a pinochle deck, all dreaming of the good old days or hoping for a return to power.

Among the refugees who dwell quietly here are Uberto II of Italy; Carol of Rumania; Don Juan of Bourbon, pretender to the crown of Spain; Francois Joseph of the vanished Austro - Hungarian Empire, Admiral Horthy, ex-dictator of Hungary; the Count of Paris, also known as the Duke De Guise, still waiting to take over the throne of France, and Dom Duarte Nuno De Braganza who yearns for Portugal to become a monarchy again and give him a job again.

Aging ex-King Carol, perhaps the best-known, has dropped his playboy ways. He and his wife, the tempestuous former Madame Lupescu, live moderately. Their main interest now is their big business investments.

"The only thing that worries Carol now is that his son, former King Michael, will ask him for money," said an acquaintance.

The royal refugees lead undisturbed lives. They feel safe from revolution or revenge or animosity because, as one resident put it:

"The average Portuguese is industrious and very poor himself, but he has little resentment against the wealthy. There is an old proverb here about the rich: 'May they eat twice at every meal.' The peasant knows that no matter how much money a man has he can only eat one meal at a time."

For this reason Portugal has become a haven of some men of great fortune.

The most fabulous is 83-year-old "Mr. Five Per Cent," Caluste Sarkis Gulbenkian, reputed to be the world's only living billionaire.

A figure of international mystery, this short dark octogenarian Armenian could buy and sell all the royal refugees here, singly or in a lump, with no more strain on his purse than the average man feels in purchasing a new suit.

With the help of two secretaries he operates a world-wide empire in oil from a five-room suite in the Aviz Hotel, which is near a police station and the city slaughterhouse.

Old "Mr. Five Per Cent" ordinarily eats alone in the hotel dining room, and the Portuguese love to tell legends of his frugality.

"He and his wife, who died recently, lived apart," said one native. "She used to complain to friends he never would allow her more than $20 a month spending money. If his son and daughter-in-law dined at the hotel, he would order a single bottle of wine for himself, drink what he wanted, then send the rest of the bottle over to their table."

The big ambition of "Mr. Five Per Cent" is to live to be 106.

"My father lived to be 105," he said some years ago, "and I am in better health than he was at my age."

'All my life I have wanted to see a live billionaire. We checked in at the Aviz Hotel — Frances and I and Dr. Anson Clark, a Lubbock, Tex., oil man — and hoped to meet Gulbenkian. But he avoided the dining room during our brief stay.

One morning, however, as we stood in the lobby Frances glanced up and saw a bent antique figure shuffle by a balcony. It was old "Mr. Five Per Cent" himself. But when I looked up he had vanished.

"What did he look like?" I asked.

"He just looked like an old hotel handyman on his way to put in a light gulb for a guest," said Frances.

Floyd Lower, Columbiana farm agent, said the event is held in recognition of the work done in pasture improvement by those enrolled in the project.

Farm Tour Nov. 21

A tour for farmers of the county and other Northeast Ohio counties will be held Nov. 21 to study grass silage and various methods of ensiling.

Health To You

By EDWIN P. JORDAN, M. D.

Blood Keeps War Death Rate Low

Millions of people either during the last world war or since then have contributed their blood through the American Red Cross blood program. But millions of others have held back either because they thought the need was not real or because they feared they themselves would be harmed by contributing

Dr. Jordan

First, I should like to say something about the need. Few people have to be told now that blood saves lives among those injured in warfare.

Remember then that more than 100,000 of our young men have been casualties in Korea. Many of them have needed much more than the single pint of blood given at one time by a donor. But thousands are back in full health who would not have survived without blood transfusions.

Indeed, this is one of the principal reasons for the new record low death rate among men wounded in war.

But this is not all. The use of blood in the civilian population is of enormous importance. Blood is literally life-giving in many human diseases, and after many injuries or accidents. The fact that it is immediately available when needed has helped thousands of men, women and children utterly unconnected with the fighting front.

It is essential, too, that we have a good stockpile of blood in event of emergencies. If an atom bomb should fall, it might leave many thousands of people injured, and for them blood and its products would be the greatest single life-saving medicine. Much as we should like to, we cannot shut our eyes to this terrifying possibility.

This gives an idea of the need for blood, which is estimated at about 5 million pints per year.

From the standpoint of the person who gives glood, there is nothing to fear. The prospective donor is tested before the blood is taken and if there is any disease present or any abnormality which makes it inadvisable to take it, he or she is passed over.

But for the normal person, giving blood is safe and easy, painless and harmless. It can be given three to five times a year, and when one considers the enormous benefit which this blood provides, such donations seem little enough to give.

Education Week Is Observed Here

LISBON—County School Superintendent James L. McBride announced all parents are urged to visit schools in their districts as part of the American Education Week now being observed.

McBride said no formal programs are planned but parents will be welcomed at all schools. He also announced the Knox Board of Education will soon put up for sale seven old school buildings in the Knox district.

The schools were abandoned with the construction of the new Knox Elementary School. Proceeds will be used to erect a garage for buses.

Communist Party Claims 2,586,351 Italy Members

ROME (AP) — Italy's Communist party says it has 2,586,351 members.

Announcing its current membership, the party's vice secretary general, Pietro Secchia, said the enrollment since 1948 has ranged between 2,500,000 and 2,600,000, notwithstanding our opponents' rabid offensive to influence the present situation."

Italy has a total population of 47 million people. In the 1948 general elections the Communists polled seven million votes.

Turkey Prices About Same As Last Year

COLUMBUS, O. (AP) — Your Thanksgiving turkey is going to cost you just about the same as it did last year.

That's the word from Ohio Poultry Industries at today's session of its fifth annual conference.

Average turkey price last year was 85 cents a pound.

Clair Hill, managing director of the conference, said ducks, chicken and geese also will be in good supply.

Mr. Hoon will discuss school law as it affects board members, teachers, finance and other matters. County School Supt. James McBride said a question and answer period will follow the talk.

Southern Court Convicts Negro For "Leering"

YANCEYVILLE, N. C. (AP) — A 45-year-old Negro tenant farmer was given a six-month suspended sentence Wednesday for assaulting a white gorl by "leering" at her.

Superior Court Judge Frank Armstrong placed the Negro, Mack Ingram, on probation for five years. The maximum sentence permissible was a two-year road term.

Ingram, the father of nine children who previously denied that he had criminal intent in approaching the girl, said through an attorney that he would appeal to the state supreme court. Meanwhile, he was directed to pay court costs, post a $2,000 appearance bond and a $200 appeal bond.

The Negro was convicted by an all - white, male jury yesterday. Previously he was given a maximum two-year term by a recorder's court but he appealed that conviction to superior court.

South County Road Jobs Get High Priority

EAST LIVERPOOL—A $6 million dollar project to convert Route 30 into a four-lane highway from East Liverpool six miles north to the junction of Route 7 is high on the State Highway Department's priority list, a Chamber of Commerce membership meeting was told here.

L. F. Schaubling, assistant state highway director, told 53 at a dinner meeting in the Travelers Hotel that an aerial survey of the winding stretch will be ordered within a few days "to determine the most feasible location for a new road."

But, he emphasized, the Route 30 project will go onto the shelf along with others marked for work "as funds are available." He said it ranks in the first five projects in the eight-county Division 11 area.

Schaubling said the highway department has two other projects on the same list with the Route 30 job, marked for action "when funds are available."

They call for resurfacing and widening a 13-mile stretch of Route 7 north from Route 30, estimated to cost $600,000, and resurfacing 2.74 miles of Route 39 west from Route 7 at Wellsville, estimated to cost $54,000, he said.

Cheese-Ghetti, Ready Quick Dish

You'll have no hurry-home-to-prepare-dinner worries when you serve this tasty new dish. Attractive as well as economical, cheese-ghetti with bologna cups takes only a few minutes to prepare and will have your family praising your culinary talent.

CHEESE-GHETTI WITH BOLOGNA CUPS

4 ozs. long spaghetti
1 cup grated sharp cheese
¼ cup milk
½ teaspoon salt
¼ cup chopped sweet pickle
Slices of bologna, ⅛-inch thick
1½ cups cooked corn

Cook spaghetti in boiling salted water until tender about 12 minutes). Drain and rinse. Put drained spaghetti in saucepan. Add cheese, milk, salt and pickle. Mix well. Cover. Heat over low heat until cheese is melted about 10 minutes).

While cheese is melting, fry bologna quickly on one side in lightly greased skillet to form "cups." Place spaghetti on hot platter. Arrange bologna cups filled with corn on top of spaghetti. Garnish with parsley. Makes 5 servings.

SPARERIBS DRESSED UP

3½ pounds fresh pork spareribs (cut in serving-size pieces))
salt and pepper
1 tablespoon cornstarch
¼ cup firmly packed brown sugar
1 9-ounce can crushed pineapple (undrained)
1-3 cup wine vinegar
½ cup cooking sherry
2 tablespoons soy sauce
5 or 6 servings boiled sweet potatoes

Sprinkle spareribs lightly with salt and pepper. Arrange, meaty side up, in a single layer in shallow baking pan. Mix cornstarch and sugar thoroughly in a saucepan stir in pineapple, vinegar, sherry and soy sauce; stir over medium heat until mixture boils and thickens. Pour sauce over spareribs. Bake in moderate (350F.) oven 1 hour, basting occasionally. Arrange sweet potatoes around spareribs. Continue baking ½ hour, basting occasionally.

QUICK RAISIN COOKIES

1 cup seedless raisins
1 ½ cups biscuit mix
¾ cup firmly-packed brown sugar
½ teaspon cinnamon
1 egg
3 tablespoons milk
½ teaspoon vanilla

Rinse raisins with hot water and drain well. Stir together biscuit mix, sugar, cinnamon and raisins. Beat egg lightly; add milk and vanilla and beat enough to combine. Stir egg mixture into dry mixture, blending well.

Drop by teaspoonfuls, about 2 inches apart, onto greased baking sheet. Bake in moderate (375 F.) oven 12 to 15 minutes. Makes about 3 dozen cookies.

HERE'S A TREAT

Want to give your family a treat? Make up a white cake from a quick mix. Spread it with butter frosting flavored with coffee. Sprinkle the frosting with coconut.

Tempt Guests With Party Snacks

Do you like delicious party snacks? Then listen—our gracious Chicago friend, Marion Loofe, entertained us in her streamlined apartment overlooking Lake Michigan. There were sliced franks in simmering barbecue sauce, chicken livers stuffed with almonds and rolled in bacon, bacon wrapped olives, rye bread thins and many other surprising items.

Marian, an outstanding home economist, gave us her recipes because we told her we wanted to share them with our reader-friends. Here's the tip-off on wonderful party fare.

Franks in Barbecue Sauce

One cup of sauce is enough for 1 pound of franks. Prepare a thick barbecue sauce. Cut franks in 1-inch pieces and heat in the simmering sauce. Serve with food picks.

Thick Barbecue Sauce

2 small onions
2 tablespoons vinegar
2 teaspoons Worcestershire sauce
1 teaspoon chili powder
¾ cup water
¾ cup catsup
1 teaspoon salt

Mince onion very fine. Mix all ingredients in heavy skillet. Cover and simmer about 45 minutes. Keep hot while serving. The sauce may be kept in a covered container in the refrigerator to be used as needed.

Almond Chicken Livers in Bacon

Insert a blanched almond in a chicken liver. Wrap a slice of bacon around each liver. Fasten with a pick. Place on a rack in shallow pan. Bake in moderately hot oven (400 degrees F.) until bacon is crisp, about 12 to 15 minutes. Serve piping hot.

SMALL FRY FOOD

Nutritious sandwich for small fry: Mix a half cup of ground cooked liver with a quarter cup of finely diced celery and enough salad dressing to moisten.

Enjoy Tea-Time Scones

A pot of tea in the afternoon is wonderfully pleasant and refreshing, as we know from long experience in our home. Serve a basket of Scotch orange honey scones along with the tea and you have something pretty special.

Orange Honey Scones

Scones:
1½ cups sifted enriched flour
3 teaspoons baking powder
½ teaspoon salt
2 tablespoons sugar
One-third cup shortening
½ cup quick rolled oats, uncooked
Two-thirds cup milk

Sift together flour, baking powder, salt and sugar into bowl. Cut in shortening until mixture resembles coarse crumbs. Blend in rolled oats. Add milk mixing lightly until dough leaves sides of bowl. (Add a little more milk if necessary to make a soft dough).

Knead gently a few seconds. Roll dough out on lighly floured board or canvas to ⅜-inch thickness; cut with floured diamond-shaped cutter.

Glaze: Two tablespoons honey, grated rind of one orange. Brush each piece of dough with honey and sprinkle with orange rind. Bake on ungreased baking sheet in a very hot oven (450 degrees F.) 8 to 10 minutes.

Cinnamon-Apple Buns are another easy hot bread that's perfect for the tea or breakfast table. Chopped apples folded into the dough with a spicy cinnamon topping makes this bread special.

Cinnamon-Apple Buns

Buns:
1 cup sifted enriched flour
3 teaspoon baking powder
½ teaspoon salt
2 tablespoon sugar
½ teaspoon salt
½ teaspoon cinnamon
¼ teaspoon allspice
¼ cup shortening
1 cup rolled oats (quick or old-fashioned, uncooked)
½ cup chopped raw apple
1 egg, beaten
½ cup milk

Sift together flour, baking powder, salt, sugar and spices. Cut in shortening until mixture resembles corn meal; add rolled oats and apple, mixing thoroughly. Combine beaten egg and milk and add to dry ingredients, mixing lightly only until mixture is dampened.

Turn out on lightly floured board or canvas and knead gently a few seconds. Shape into balls and place on ungreased baking sheet. Flatten balls slightly.

Topping: One-half teaspoon cinnamon, ¼ cup sugar. Sprinkle the above dough with mixture of cinnamon and sugar. Bake in a hot oven (425 degrees F.) 12 to 15 minutes until well browned.

Make A Spinach Souffle Easily

A delicate and glamorous souffle prepared without worry or tension on your part—yes, here it is:

Spanish Souffle
1 cup puree Spinach
1 cup milk
½ teaspoon salt
⅛ teaspoon nutmeg
¼ cup cream of rice, granular rice cereal
¼ cup finely diced process American cheese
2 tablespoon butter
3 eggs, separated

Drain cooked or canned spinach, then put through sieve or food mill to make 1 cup pureed spinach—it will take a Nov. 2 can or about 2 pounds fresh spinach, pre-cooked to a soft pulp.

Place milk, salt and nutmeg in saucepan. Bring just to boil. Sprinkle in cream of rice and stir constantly until rice thickens slightly, about ½ minute. Remove from heat.

Add cheese and butter and stir until cheese is melted. Beat egg whites until stiff, then beat egg yolks immediately afterwards. Stir hot rice mixture into the egg yolks. Add the pureed spinach, then fold in the beaten egg whites.

Place in ungreased, 1-quart baking dish. Bake in moderate oven, 350 degrees F., until center is firm to the touch, about 45 minutes. Serve immediately.

Honey Drop Cookies
½ cup butter or margarine
One-third cup strained honey
1¼ cups sifted all-purpose flour
½ teaspoon nutmeg
1¼ cups sifted all-purpose flour
½ teaspoon baking powder
¼ teaspoon soda
¼ teaspoon salt
Two-thirds cup seedless raisins
½ teaspoon vanilla

Cream butter or margarine and honey. Add the eggs, continue beating until well mixed. Sift together the flour, nutmeg, baking powder, soda and salt. Add dry ingredients to the creamed mixture.

Stir in raisins and vanilla. Drop batter by tablespoonfuls—2 inches apart—on a greased baking sheet. Bake at 350 degrees F. (moderate oven) for 12 minutes or until golden brown.

Eat Scrambled Egg Mountain

For Sunday breakfast with a surprise, try this unusual way of serving eggs. Arthur Maisel, a young New York restaurateur, dreamed it up and has a chef working on it in the window of each of his four restaurants.

There's always a crowd watching. The eggs turned into omelet in the form of an inverted cone that stands upright in a stainless-steel pan.

You don't have to be a Virginian, a Californian, a Texan or a Georgian (the names of Maisel's restaurants) to do it yourself. H restaurants) to do it yourself. Here's his own recipe. It really works.

Scrambled Egg Mountain
2 eggs
Salt and pepper to taste
1 ounce butter

The twisting of the egg mountain will be easier if you break the eggs several hours ahead of time, beat them, then strain and store them in the refrigerator until you're ready to cook them. Then add the seasoning and beat well. Melt the butter in the bottom of a frying pan over high heat. **Be sure to use a copper-bottom frying pan with rounded edges.** Pour the batter into the pan.

When the eggs begin to cook on the bottom, take a long-pronged, two-tine fork and insert it half under the eggs and across the pan. Lift the egg gently from the pan. Twist the egg slowly and let the egg wind upon the fork as it twists. The uncooked portion of the egg will flow down and cook at the edge of the pan.

When most of the egg is cooked, straighten the fork slowly and keep twisting while holding the egg close to the edge of the pan. This permits the egg to become thoroughly cooked. When the tall spiral has been completed, slide the eggs onto a serving platter and gently remove the fork.

Maisel has another trick dish. A skyscraper pie with 6-inch-high meringue.

Skyscaper Lemon Meringue Pie

Prepare 1 baked pie shell (9-inch pie). Roll thin. Five tablespoons sugar, 5 tablespoons lemon juice, 3 egg yolks, 1 grated lemon rind.

Combine and cook in a double boiler. Stir constantly until thick. Cool and then prepare 3 egg whites 3 tablespoons sugar, ⅛ teaspoon salt.

Whip egg whites until stiff and then add gradually 3 tablespoons of sugar. Fold the whites lightly into the custard and pour into baked shell. Top with the following meringue recipe and bake 8 minutes in a hot oven.

For meringue use 6 whites of eggs, ¼ teaspoon salt, ½ cup sugar, 1 teaspoon vanilla. Whip whites and salt until stiff but not dry. Then add a little sugar at a time. Add vanilla and then pile meringue high on pie and with a knife smooth top and sides. Swirl sides of pie with knife.

SPECIAL FOR EGGS

Brown small cubes of bread in butter or margarine; fold them into scrambled eggs for good texture contrast.
